health, including Dr. E. J. Brophy of this city for New London county, Dr. F. L. Smith for Tolland county, Dr. W. H. Jud-zon of Killingly and Dr. W. P. S. Keating of Willimantic in Windham county.

The slogan is, "Fight Cancer With Facts." It is believed that if the public can be properly informed the death rate from cancer may be reduced possibly 20 per cent. Last year in the United States alone 90,000 deaths were recorded. In Connecticut where the death rate from ANNOUNCEMENTS 1916 to 1920 inclusive was on the in-crease, the total deaths in the latter car were 1390. For 1916 they number 152. These figures were provided by the inpartment of health. In the bulletin

The leading feature in controlling cancer is to have the disease diagnosed early and in practically all cases immediate treatment is necessary.
